

Private Security, Private Detective, Bail Recovery Agent

# Firearm Certification

According to law, you may not carry a firearm in the performance of your duties until you have been issued an armed private security or armed private detective license. There is no temporary provision in the law; even successful completion of this certification does not allow you to perform your duties armed. You must possess an armed private security guard or armed private detective license before carrying a firearm while working.

## The eight-hour Certification Program consists of:

- Introduction to the Firearms Certification
- Choosing to Carry a Gun
- Use of Less-Than-Deadly Force by a Security Guard or Detective
- Use of Deadly Force
- Escalation of Force Continuum
- Totality of Circumstances
- Duty to Act
- Responsibilities After Using Force
- Criminal Penalties for Unlawful Use of Force
- Civil Liability for Use of Force
- Shooting Decisions
- Safe Gun Handling
- Good Sense Tactics for the Use of Firearms
- Firearm Loading and Unloading
- Written Test and Firearms Qualification

## The four-hour Re-Certification Program consists of:

- Refresher of Certification Program
- Recent Updates or Changes to Washington State Law
- Written Test and Firearms Qualification

Class sizes are limited to a minimum of 5 students and a maximum of 12 students.

Pre-paid registration is required to attend.

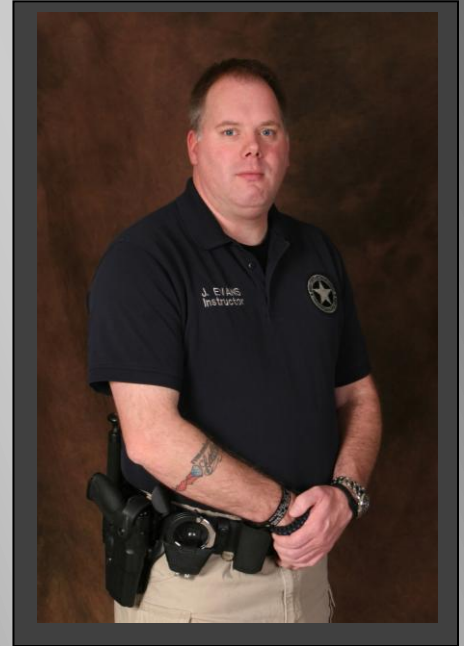

You will need note-taking materials, clothing appropriate for the weather and indoor range (No tank tops or open toe shoes).

Targets, eye and ear protection are provided.

Students are required to bring their own handguns and ammo.

Certification Program Cost: \$150

Re-Certification Program Cost: \$100
